Please post completed form and cheque to RHRS, P.O. Box 3212, Robertson NSW 2577
or via EFT to RHRS bank account BSB: 641800 A/C no 200285100

ACTIVITIES

Railway: Are you interested in trains: heritage trains, modern trains, model trains, heritage railway station buildings? Also for those interested in welcoming visitors from many different places who come on the tourist trains. Robertson is also a favoured stopover for day steam tours and gives an opportunity to view locomotives up close. And we have a collection of railway artefacts restored or being restored by members.

Events: The common is the venue for two major village events – the vintage car day in autumn and the Railway Spring Event, when our famous waratahs are in full bloom.

Gardens: If you just like to walk through the station grounds, with or without your dog, you may like to join those who try to keep it an attractive place for locals and visitors.

Fettlers Shed: The Gallery hosts two annual art exhibitions, which members help to man, and is also available for workshops, seminars or private functions. It also houses our model train layouts and our model train group meets here weekly.

History Group: A group of members meets to discuss, collect and share Robertson history. There is now an interesting reference collection of books, old maps and press clippings. Displays are mounted in the historic station building.
